NEW THINKING

SPEED

Speed is about moving and staying ahead — not just of the competition but being agile enough to seize opportunities as they arise.

Nymbus helps you quickly identify and take advantage of new growth streams. From the data and resources to target a profitable customer segment to the tools and services to nimbly launch an offering that lets you gain market share — get there first with Nymbus.

Success Ready Brands. Ready to Launch.

COLLABORATE OR BUY

A fully developed, digital bank brand, ready to deploy.

BUILD GREAT CX

Work with Nymbus to develop the end-to-end experience and marketing strategy.

OPTIMIZE

Make adjustments and scale high-performing marketing.

LAUNCH FAST AND FORCEFULLY

Don't let the market catchup. Seize your opportunity.

Nymbus' team works with your organization to get your product to market quickly and scale smartly once you've launched. We'll help you develop a best in class digital brand, a great customer experience, and ensure you not only launch successfully, but grow significantly.

NEW THINKING

Time to **VALUE**

Anticipating your customers' and members' needs and providing products and services that delight them — that's how you earn loyalty.

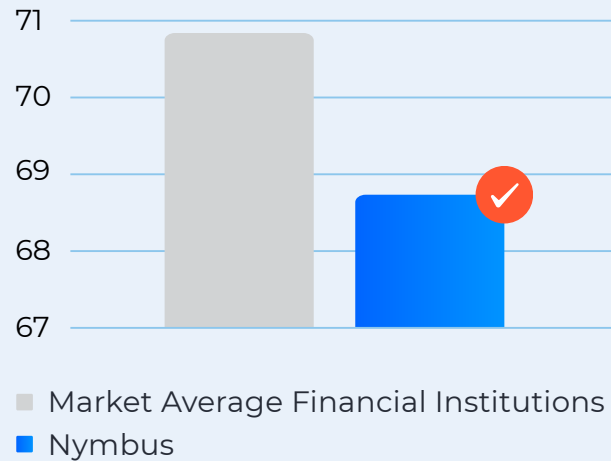

With Nymbus you can quickly and easily introduce new products that give you an edge over the competition. Leverage these tools to keep your current customers hooked and gain new ones — all while keeping your costs low and your revenue growing.

More growth
with fewer costs

Average Efficiency Ratio

Make more money for less

Nymbus lowers the cost for financial institutions to produce a new dollar of revenue.

Empower employees to sell more

Nymbus helps your employees manage significantly more assets.

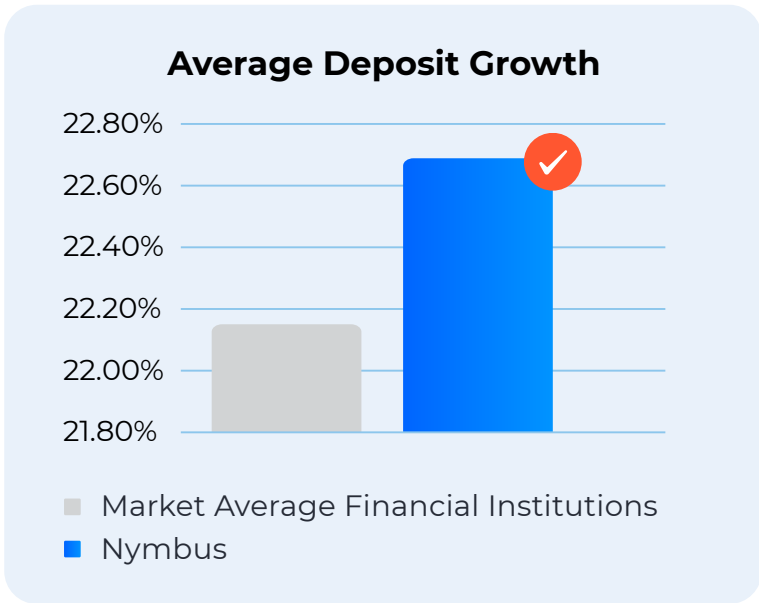

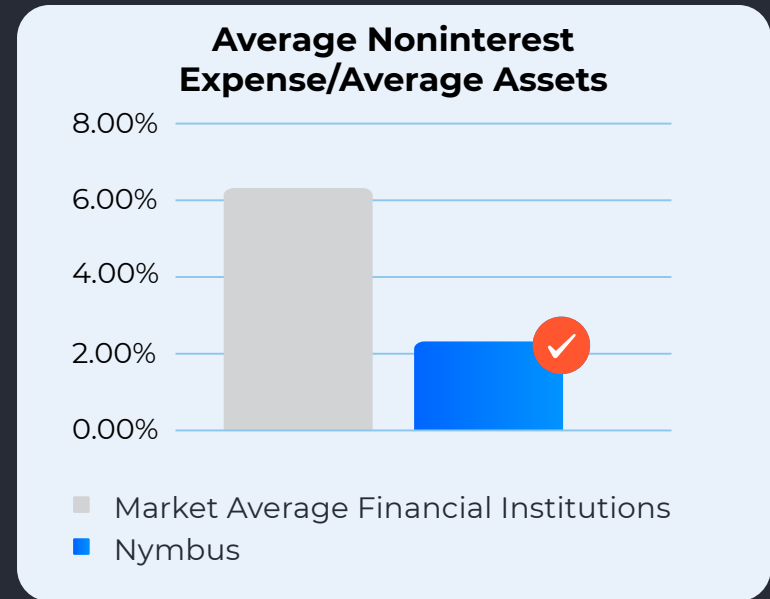

Average Assets/Employees

Lower your expenses while growing assets

Nymbus leverages technology to decrease expenses while increasing assets.

Gain new accounts seamlessly

Nymbus provides onboarding and new account openings online so you can grow your deposits easily without any physical branch interactions.
